ANVIL MINING CORPORATION LIMITED
P.O. BOX 2470
103 POLARIS BLOCK
WHITE HORSE, YUKON TERRITORY
CANADA

October 30, 1967

Mr. G. McIntyre
Chief Mining Recorder
Federal Building
Whitehorse
Yukon Territory

Dear Mr. McIntyre:

The accompanying data are submitted to apply as representation work on the Sea, Sea, Sea, Sea, Sea claims and related fractional claims. All the claims are owned by Anvil Mining Corporation Limited and are situated in the Swim Lake area of the Whitehorse Mining District.

The claims are contained on claim map sheets 102K-2 and 102K-3.

Yours truly,

[Signature]

Chief of Exploration for
Anvil Mining Corporation Ltd.

Attach.
A total of 28.35 miles of line was cut by tractor on these grids.

All personnel engaged in this work stayed at the twin lakes camp of Anvil mining which was serviced by helicopter from Anvil's Faro camp.

The bulldozer line-cutting started with a D-6 Caterpillar tractor hired from Laird Construction, Whitehorse, but was replaced with a D-7 Caterpillar tractor hired from C. Malone, Whitehorse. The survey crew was supplied by White, Ultort & Impey Limited, Whitehorse. The pertinent invoices are enclosed.

M.C. Hampton, P. Eng.
Chief of Exploration for
Anvil Mining Corporation Limited
A grid was established (July 4-23, 1907) on the Delavan claims by contract linecutters of White, Hosford & Company, Ltd. A baseline (East-West) 10,000 feet long, a 1000 foot tie-line and a second baseline 6400 feet long were established by transit and tape surveys. Picket lines were turned off with the transit at 400 foot intervals along the baselines. Chainage pickets were set stations at 100 foot intervals along all of the lines. A total of 1.05 miles of transit controlled line and 23.06 miles of picket line was cut.

During September the above grid was expanded to the east using a caterpillar tractor and transit survey crew. The main baseline was extended 5200 feet and cross lines were cut at 600 foot intervals. Stations were marked at 100 foot intervals along all the lines.

A second grid using the tractor and transit crew was established on north side of Swim Lake. This grid was cut with part of the cross lines at 400 foot intervals and the remainder at 600 foot intervals along the baseline. Stations were established at 100 foot intervals along all the lines.
# STATEMENT OF COSTS

**SOL LINESCUTTING 1967**

### Hand-cut line

**Contract linecutting**
- White Hosford & Impay invoices July 22 & Aug 23-28: $1220.50

- Total: $10,094.67
AFFIDAVIT
SUPPORTING STATEMENT OF COSTS
SEA LINECUTTING 1967

I, Murray C. Hampton, Chief of Exploration for Anvil Mining Corporation Limited, have compiled the Statement of Costs as presented for "Sea Linecutting 1967", do make oath and say as follows:

That to the best of my knowledge and belief, the statement of costs as presented is a true and an accurate presentation of expenditures to be applied as representation work on Sea, Bea, Ice, Hay, Sea Fractional, Whi Fractional, and Cue Fractional claims.

M.C. Hampton, B.Sc., P. Eng.
Chief of Exploration for
Anvil Mining Corporation Limited

Sworn before me this........day of NOV - 7 1967, in the City of Whitehorse in the Yukon Territory.

A commissioner for taking oaths in and for the Yukon Territory.
