

Item	Metadata
Horizontal Datum:	NAD83 CSRS Epoch 2002
Vertical Datum:	CGVD28 (HT v2.0 Geoid)
Coordinate Projection:	UTM Zone 9 North, metres
Date:	June 2 2016
Prevailing weather conditions including temperature:	Not recorded
Purpose of data collection for that day:	Measure Drill Holes, Layout new drill locations
Name of company submitting the data:	Challenger Geomatics Ltd.
Name, license number, and stamp, of the licensed surveyor:	Paul Burbidge, Commission number 1787
Name of field crew chief:	Geoff Anderson, Party Chief
Names of other crew members and responsibilities:	Mason Grey, assistant
Type of data collection (GPS RTK, handheld GPS, other):	Leica Viva RTK GNSS
ID of pre-existing control monument used as RTK base station or initial check for handheld:	2801 & 2802
Other control monuments checked and amount of measured discrepancy:	2800 $\Delta H=0.009m$ $\Delta V=-0.024$ & 2803 $\Delta H=0.009$ $\Delta V=0.006$
ID of new control monuments established:	NA
Issues encountered and how they were resolved:	None
Notes from field crew chief:	All Points Measured- Suffix 0206
