forty-three (43)	RACHEL claims
—	
Total	89 claims

According to conditions governing acceptance the following is submitted:

- (i) an accurate map (Figure 1) showing the locations, bearing and dip of drill holes 82VMN-1 relative to local topography and claim boundaries (including the distance and direction from a legal claim post).
- (ii) details of the location of core storage (location of which is specified on Figure 1).
- (iii) complete drill logs and assays of core (Appendix I).
- (iv) statement of expenditures including diamond drilling and support costs, broken down according to drill holes, also invoices supporting the expenditures (Appendix II).
