DIRECTOR GENERAL, YUKON REGION

ATTENTION: REGIONAL MANAGER MINERAL RIGHTS

RESTRICTED

Enclosed are Diamond Drill Logs etc., submitted by A.M.P. Explorations & Mining Co. Ltd. for assessment on the BARB, LOG and 100Fr to 103Fr. mineral claims located on 105-B-04.

Drilling was as follows.

87-1	280 Ft.	100 Fr.	87-6	151 Ft.	100 Fr.
87-2	332 Ft.	100 Fr.	87-7	124 Ft.	100 Fr.
87-3	250 Ft.	100 Fr.	87-8	300 Ft.	100 Fr.
87-4	175 Ft.	100 Fr.	87-9	211 Ft.	BARB 5
87-5	150 Ft.	100 Fr.			

TOTAL 1,973 Feet

Assessment credit requested is $17,600.00. The drill core is stored at the property on BARB 14 mineral claim..

Yours truly,

Patti L. McLeod

FOOTAGE FROM	FOOTAGE TO	SECTION 1" =	DESCRIPTION	SAMPLE NO.	FROM	TO	LENGTH	ASSAYS oz/TAu	ASSAYS oz/TAg	ASSAYS %Pb	ASSAYS %Zn
480	88.5		DIORITE similar to preceding but texture is more uniform and feldspars are whiter and have sharper outlines (less alteration); core is cut by occasional fine quartz-calcite veinlets some containing pyrrhotite and is also cut by an occasional pale grey granitic stringer to 1 in. in width; core is broken pieces averaging 4 in.; core recovery about 90%.								
885	940		VEIN ZONE								
			(88.5 - 90.0) Nearly massive pyrrhotite - arsenopyrite in a quartz-calcite gangue, minor galena and sphalerite; good core, 95% recovery; sharp contact with diorite which is unmineralized.	34672	88.5	90.0	1.5	0.245	43.03	7.65	2.65
			(90.0 - 94.0) 50% sulphides in a quartz gangue; mainly arsenopyrite with minor pyrrhotite, pyrite, sphalerite and galena; best galena and sphalerite at (93.0 - 94.0); good core, 85% recovery	34673	90.0	94.0	4.0	0.182	4.25	1.12	1.34
94.0	150.0		DIORITE & DIORITE HYBRID med. grey-green, f.m.g with alteration masking mineral boundaries; some sections with m.g. amphibole brown biotite; similar to (4.0 - 20.0); cut by occasional fine pyrrhotite and quartz-calcite veinlets commonly less than 1/4 in.; fair core in pieces averaging 6 in.; occasional pale grey inclusions of altered pre-intrusive rock.								
END OF HOLE			(94.0 - 95.0) - Weak pyrrhotite mineralization	34674	94.0	95.0	1.0	0.002	0.35	0.19	0.10
			(118.0 - 150.0) - Better core in pieces to 2 ft.								
			(144.6 - 150.0) - Very fine grained with increased pyrrhotite mineralization along fine hair fractures @ 45-60° mainly; minor sphalerite and pyrite; total 3% sulphides								
			(149.0 - 150.0 Brecciation with infilling granitic stringers.

YUKON QUARTZ MINING ACT

FORM "C" - APPLICATION FOR A CERTIFICATE OF WORK

OFFICE DATE STAMP

(This form required in duplicate with sketch showing location of work.)

I (Name) D.C.Miller Occupation Geologist

(Postal Address) 769 Fraser St., Kamloops, B.C. V2C3HI

MAKE OATH AND SAY, THAT:

1. I am the owner, or agent of the owner, of the mineral claim(s) to which reference is made herein.
2. I have done, or caused to be done, work on the following mineral claim(s):

(Here list claims on which work was actually done by number and name)

Y72I06 Barb 5

situated at Logjam Creek Claim Sheet No. I05B-4

in the Watson Lake Mining District, to the value of at least $20,000 5,600.00

dollars, since the 8th day of October 19 86,

to represent the following mineral claims under the authority of Grouping Certificate No. 4382

(Here list claims to be renewed in numerical order, by grant number and claim name, showing renewal period requested).

Y72I07-Y72I09	Barb 6-8	4 years
YAII386,YAII388	Log 53, Log 55	4 years
YAII423, YAII425	Log 90, Log 92	4 years
YA2I405-YA2I408	Barb I7-20	4 years
YA55784-YA55785	I02Fr.-I03Fr.	4 years
YA68729-YA68730	Barb 5Fr.-6Fr.	4 years

3. The following is a detailed statement of such work: (Set out full particulars of the work done indicating dates work commenced and ended in the twelve months in which such work is required to be done as shown by Section 53.)

Work including mob. and demob. of equipment and men, underground drifting(55 ft. of 6x7 ft. drift) and underground slashing totalling I6 cubic yards, surveying, mapping, sampling and approximately 300 ft. of A.Q. underground diamond drilling in portions of 4 holes were completed between Oct. 9, I986 and Sept. I0, I987.

Sworn before me at Kamloops

this 28 day of September 19 87
