Dear Mr Paul West-Sells,

You will find, attached, two copies of the **Geophysical Interpretation Report** for the Quantec Titan-24 Tensor Magnetotelluric (MT) and Direct Current Resistivity & Induced Polarization Surveys conducted at **Casino Project**, (ref: Quantec Project **CA00646T**), and undertaken during July 14th to July 29th, 2009, by Quantec Geoscience Ltd.

Included in the package are:

Description	Number of items
<u>Geophysical Interpretation Report</u> : Final Report with appendices	2 Reports
<u>Digital Archive (DVD 1 of 1)</u> : Copy of the Geophysical Interpretation report, Geosoft plots, Geotools databases, XYZ and Gocad (TS) files, EDI and survey files, and other documents and data.	1 DVD bound into each report

Contact us if you need any additional material or information.

Please sign this release form when you receive the afore-mentioned items, and return one copy by facsimile to 416 306 1949 for our records.

Thank you
