TMI (nT)

Survey and Equipment:
-Survey flown on August 28, 2011.
-Survey Base: Twin Creeks, North Canol Road, YT.
-Scintrex CS-3 cesium vapor magnetic sensor used to sample the Earth's magnetic field at 10Hz.
-All radiometric data sampled at 1Hz by 16.8L of NaI downward looking synthetic crystals and 4.2L of upward looking synthetic crystals.
