

**Survey and Equipment:**  
-Survey flown September 28, 2010.  
-Survey Base: Dawson, Yukon  
-Scintrex CS-3 cesium vapor magnetic sensor used to sample the Earth's magnetic field at 10Hz.  
- Topography from Geogatis.

**Total Magnetic Intensity (nT)**

Scale 1:8000  
(meters)  
WGS 84 / UTM zone 17N
