

Calculated Vertical Gradient (nT/m)

Survey and Equipment:
-Survey Flown from July 14, 2010 to July 24, 2010.
-Survey Base: 60 Mile, YT
-Scintrex CS-3 cesium vapor magnetic sensor used to sample the Earth's magnetic field at 10Hz.
-All radiometric data sampled at 1Hz by 8.4L of NaI synthetic crystal.
- Topography from Geogratia.
