Export Selected Data To Access

Export Selected Data To Excel

☒ Include Code Lists

**se Log/Reelog(s) to Expor**

IXED: Selected Log/Reelog # only, disregard others

VERYTHING: All Original Logs and any Reelogs

HIGHEST: Latest Reelog or Log available per Hole

OMBINED: Latest Reelog with gaps filled by Older Logs

—this may cut intervals of older logs to fill in gaps and is not suitable for later synchronization

**ined Print Reports:**

**Configure Report Parameters**

**enerate Drill Hole  
port:**

**enerate Strip Log  
h Assays:**

**Press Control+P while in Preview  
mode to Print a Report**
